SUMMARY

I am a student of UPNVJ majoring in Electrical Engineering. I have experience on the job training at ASTON Kemayoran City Hotel for 6 months as an engineer. I have the ability to assemble electrical lighting installations, electric motor installations, use programmable logic control (PLC), and can read wiring drawings well. I can work with a team and can solve problems well. I am interested in a job as an electrical engineer.

WORK EXPERIENCE

Engineering Department (OJT), ASTON Kemayoran City Hotel **Oct 2022 — Apr 2023**

- Preventive maintenance of hotel rooms which consists of cleaning AC, repainting wall defects, floor grouting, repairing damaged parts, and toilet sealant
- Handle guest complaints regarding hotel rooms
- Help the staff work
- Check the condition of the hotel panel, chiller and freezer, gas pressure, and APAR
- Perform hotel area maintenance if damage occurs

EDUCATION

Universitas Pembangunan Nasional Veteran Jakarta **Jul 2024 — Present**
S1 Electrical Engineering

SMKN 5 Jakarta **Jul 2022 — May 2024**
Electrical Power Installation Techniques

SMK Kemala Bhayangkari 1 Jakarta **Jul 2021 — Jun 2022**
Electrical Power Installation Techniques (One Year)

NON-FORMAL EDUCATION

Pusat Pelatihan dan Pengembangan Pendidikan Jakarta Timur **August 2023**
Improving the Competence of Vocational High School Students
in the Field of Electrical Engineering Expertise - Class I of 2023

ORGANIZATION EXPERIENCE

KSM Mekatronika **Sep 2024 — Dec 2025**
Electronic Division Staff

- Learn how to create PCB circuit designs using Proteus software
- Learn how to install sensors and actuators on a microcontroller
- Learn soldering techniques and component design

KSM IOT 2025 **Feb 2026 — On Going**

Staff Firmware Division

- Learning the python programming language
- Studying communication protocols in microcontrollers
- Learning about machine learning

COMMITTEE EXPERIENCE

Electrician Gathering 2025 **Jun 2025 — Dec 2025**

PDD Division Staff

- Responsible for creating powerpoints for event socialization
- Take photos and videos during the event for documentation

Seminar Start-Up 101 2025 **Aug 2025 — Oct 2025**

PDD Division Staff

- Responsible for creating seminar poster design and documentation during the event

Webinar Nasional Hari Listrik 2025 **Sep 2025 — Nov 2025**

PDD Division Staff

- Responsible for creating certificate designs, plaques, live report templates, and documentation during the event

Seminar MOSFET 2025 **Oct 2025 — Nov 2025**

PDD Division Staff

- Responsible for creating poster design, certificate design, and documentation during the event

Synergy Fest 2025 **Oct 2025 — On-Going**

PDD Division Staff

- Responsible for creating poster, live report template, instastory template, lanyard, guide book template design, and documentation during the event

Electrical Competition 2025 **Oct 2025 — Dec 2025**

Mobile Legends Division Staff

- Responsible for creating registration forms on gform, being a caster, and being a participant supervisor on discord while playing

---

SKILLS

- Electrical Engineering
- Read and Draw Electrical Diagram
- PLC Program
- Editing
- Circuit Analysis
- Python

CERTIFICATION

- Middle Implementer of Maintenance of PLC Based Control Instruments (BNSP)
- Sertifikat Kompetensi LSK PPSDM KEBTKE
- ASTON Kemayoran City Hotel On The Job Training
- Data Analytics (Pearson IT Specialist)
- IC3 Digital Literacy Global Standard 6 Level 1
- Pelatihan Peningkatan Kompetensi Peserta Didik SMK Bidang Keahlian Teknik Kelistrikan Angkatan I Tahun 2023

ADDITIONAL INFORMATION

- **Languages:** Indonesia (Native), English (Basic)
- **Interest:** Electrical Engineering
